Abstract:

This paper is aimed to examine Earth Quakes that triggers Psunamis in the world in the past and predicting these Earth Quakes if possible to occur in future using the Astrological combinations that are shown.

Key Words: Earth Quakes, Eclipses, Richter scale, Magnitude, Planets, Retrograde, Conjunction, Opposition, Mutual Aspect, Signs & Stars.

Introduction:

Earth Quakes and Psunamis are among the natural calamities that occur in world. In very few cases Earth Quakes with highest magnitude will trigger Tsunamis. If we examine carefully all the Astrological reasons for the incidents in the past we can take all the precautionary measures for saving lives of people.

Methodology:

Details such as date, time of the incident and place of the earthquakes that triggered Tsunamis are taken and chart is laid down. Other details like magnitude of Earth Quakes, things that are destroyed, deaths of people and all the other information is gathered. Eclipse that is associated is studied fully. And all the other Astrological analysis is done.

Example 1:

- Date & Time: 28th November 1945, 04:56,
- Place: Churi Pakistan
- Magnitude: It is 8.0 on Richter Scale.

This was the major Tsunami generating Earth Quake in the Arabian sea. More than four thousand people were killed on the Makran coast by both Earth Quake and Tsunami. The Tsunami reached a height of Forty feet in some Makran and caused great damage to the entire coastal region. The Tsunami is also recorded in Muscat and Gwadar. The Lagna is Libra. The Lagna Lord is in Lagna. Fourth Lord Saturn is in Retrograde motion with debilitated Mars Tenth aspects Fourth. Saturn is in one degree which signifies disasters. Uranus is in fixed sign (cause for Earth Quakes) Taurus aspects Sun in Second and Moon in Eleventh. Mercury and Uranus are in retrograde motion. Day Lord is Mars and Star lord is Venus (Poorva Phalguni).

Geographical Coordinates:

Aries Lagna is fixed to Pakishtan. Kaala Sarpa Yoga is present. Lagna is with watery planet Venus. Sun, Saturn, Debilitated Mars all are in Watery signs. Here Mars is Kshetra Lagna Lord of the place where Earth Quake occurred. Saving planet Jupiter is in Twelfth. The two eclipses are present. Fourth Lord Saturn is weak in enemy signs. Moon is in bhadaka sign. But Lagna Lord is in Lagna is a saving factor.

The Astrological Considerations:

The idea that somehow Mars Jupiter and Saturn govern the destructive action of the earth and the notion of earth tides as possible triggers for Earth Quakes is gaining popularity. Earth tides are caused as the

rotating earth is influence by the combined gravitational pull of the Moon and Sun. The most careful scientific study does not reveal statistically meaning full correlations of earth quakes occurrence with tidal loading.

Results and Conclusion:

The following inferences are drawn.

- Kala Sarapa yoga,
- Completely damaged Fourth Lords,
- Fixed signs,
- Presence of both the eclipses,
- Influences of watery signs and watery planets,
- Retrograde Uranus ,Neptune ,
- Weak Jupiter (will not be able to save lives of peoples),
- Strength of Kshetra Lagna Lord and Kshetra Lagna.
- Annual Transit results of the country.

Annual transit results of the country are studied every year and, Eclipses, probabilities of Natural calamities should be noted. All the necessary measures are to be taken in advance to prevent losses especially if afflictions are more. Remedies like havan are to be done massively.
