The father's elder sister is the 9th house, the 11th house, the 7th house, so this woman should have married the younger sister's son or the elder sister's son. So the 11th house, that is, the younger sister's son is the 5th house, the 11th house, the 3rd house, the 7th house, the 5th house, the 11th house. So what if this woman wants to marry her aunt's son? The signs that help her are the 9th house, the 7th house, the 3rd house, the 11th house. When these bhavas contact the ascendant or the 7th bhava, the connection is seen as a combination of being in the ascendant, being in the 7th bhava, or being in contact with the lord of the ascendant.

Further, according to Kala Purusha philosophy, the ninth house is Sagittarius, the lord of Sagittarius is Jupiter, the 11th house is Aquarius, the lord of Aquarius is Saturn, the 3rd house is Gemini, the lord of Gemini is Mercury. Therefore, when these 3 planets, Jupiter, Saturn and Mercury, are in contact with the ascendant or the ascendant lord, there are chances of their marriage.

Marriage within a relationship is the triangle positions of the ascendant, the 5th and 9th houses. We have mentioned our ascendant house, we have also mentioned the 9th house. But if this 5th house is in contact with the ascendant or the seventh house, there are chances of their marriage.
